

# "I Belong To Me"

## OUR MISSION

"I Belong To Me" is here to inspire, educate, and provide resources on sexual assault/abuse. It is a place to openly share your personal story of how sexual assault has impacted you. Through these stories I am bringing about hope and support to survivors.

My biggest goal is to portray the message "I belong to me" and show survivors they are not what has happened to them and that they are not alone.
